

PREPARED WITH CARE

Tree Service Estimate

ESTIMATE MR-2026-041  
ISSUED July 17, 2026  
VALID FOR 30 days

Thanks for having us out. Based on our walkthrough, here’s the work we recommend to address the tree concerns we discussed and leave the property clean.

PREPARED FOR  
Jamie Thompson

SERVICE ADDRESS  
123 Maple Street, Omaha, NE

Recommended work

- 01

Remove declining maple near driveway

Safely dismantle and remove the tree; protect nearby lawn, driveway, and landscaping; chip branches; haul away wood and debris; complete final ground cleanup.

\$1,450
- 02

Grind maple stump

Grind the stump approximately 6–8 inches below grade and rake grindings neatly into the stump area.

\$325
- 03

Prune mature oak near house

Remove dead, damaged, and conflicting limbs; provide appropriate roof clearance; improve structure without excessive thinning; haul away debris.

\$675

ESTIMATED TOTAL \$2,450

A few important details

- Pricing assumes normal access for our crew and equipment.
- Normal job-site cleanup and listed debris removal are included.
- Customer identifies private irrigation, lighting, and invisible fencing.
- Any change in scope will be discussed and approved before the price changes.
- Scheduling is weather-dependent; payment is due upon completion.
